

Tarun Shienh has been acknowledged as ‘The Real-Estate Guru’ by every authority in the industry and the reason behind that is not only his experience of over two decades in the market but the extensive knowledge he has gained within that time, the projects he has delivered, the trust he has been able to inculcate in the consumers and the charisma that surrounds the man that is a National leader with the vision of going global. International tie-ups with the experts in their respective fields of planning, landscaping, architecture and leasing that always deliver what they promise and the vision of the man that understands the Indian real-estate like no other have given Premia Group with what every real estate company craves the most, the trust of the consumers and investors.

The Real Estate Guru has always believed that creating value for the end-user is the step that precedes everything else and is the top priority for every project that he associates himself with. Along with this value creation, the need to infuse the industry with professionalism has been the goal of this charismatic leader. His Premia Group is an example in both these qualities; he has made the stressful decision-making process of investing in real-estate an experience that the investor can enjoy. The trinity of trust, quality and transparency that Shienh has instilled in his brand has resulted in awards and accolades from prestigious organisations like Builders Council of India, the PHD Chamber and Inc, among others.

KEY ATTRIBUTES THAT MAKE HIM A LEADER

- Over two decades of extensive experience in the Real-Estate sector that has left him with in-depth knowledge about every nuance of the business
- International tie-ups that have resulted in quality, planning and innovation that is unmatched in the industry
- Professionalism, a quality that is in rare supply and is thus much appreciated by every stakeholder.
- Awards and accolades won with hard work of decades that instill trust with the very mention of his name.
- Creation of innovative projects like India’s 1st Crown of Noida Corporate City with the state of the art facilities that go beyond expectations.

TARUN SHIENH
